

# Introduction to Safety and Facilities at GSIS

September 2021

# GSIS Building

(Completed in March 2001)

情報科学研究科研究実験棟  
(2001.3竣工)

- 8 stories with floor space of 8,133m<sup>2</sup>  
(8階建8,133m<sup>2</sup>)

The Touzai-line of the Sendai City Subway opened about five years ago.

地下鉄 青森山駅  
Subway Aomori-yama Sta.

# GSIS Building(s)

● 21 divisions (mainly math, biology, human and social sciences) out of 38 are housed in this main building.  
情報棟には4専攻から基幹38分野中21分野のみが入居している。

● The remaining divisions are located in other buildings on Aobayama Campus, as in the map of the next slide.  
残りの17分野は青葉山キャンパスの別の複数の建物に分散。

● The **2nd GSIS Bldg.** is in the planning stage.  
引き続き**第2棟整備**を要求中

# ● 情報科学研究科研究実験棟以外の場所にある分野(基幹講座)

- 機械・知能系: 5分野(1,067m<sup>2</sup>)
- 電気・情報系: 10分野(2,539m<sup>2</sup>)
- 人間・環境系: 3分野(1,080m<sup>2</sup>)

Commute by subway is recommended.

通学はなるべく地下鉄で

Because of the opening of the subway, and because of the shortage in the space of parking, commute by car is essentially limited to office workers, professors, and students in the doctoral course who live more than 2km away from the campus.

If you are a doctoral course student and want to come to the Aobayama campus by your own car, you have to pay 500 yen per month for the parking fee.

**Regular Inspection** by an industrial doctor and a safety administrator: Each office is required to promptly correct problems pointed out, such as complex wiring and obstructed doorways.

**事業場巡視**(産業医・安全衛生管理者が定期的に巡回し, 問題点を指摘)

→タコ足配線, キャビネット類の固定, 出入口確保

The **Evacuation Drill** is scheduled in the fall every year.

This year, on November 24<sup>th</sup>.

**避難訓練を毎年秋に実施(今年は11月24日)**

Smoking is completely prohibited in all the campuses in Tohoku University.

キャンパス内は全面禁煙。

Sidewalks adjacent to a university building are also included in the campus, which means that you cannot smoke on a sidewalk adjacent to a university building.

キャンパスに接する歩道もキャンパス敷地内。

Complaints are coming from the passers-by.

A few fires due to a thrown cigarette have occurred in the past.

# Tohoku University Safety Confirmation System

## (1) Reason for implementation

Tohoku University confirms the safety of all students and staff in the event of major disasters.

The university decided to implement the Safety Confirmation System, which uses e-mail to efficiently and smoothly ascertain safety.

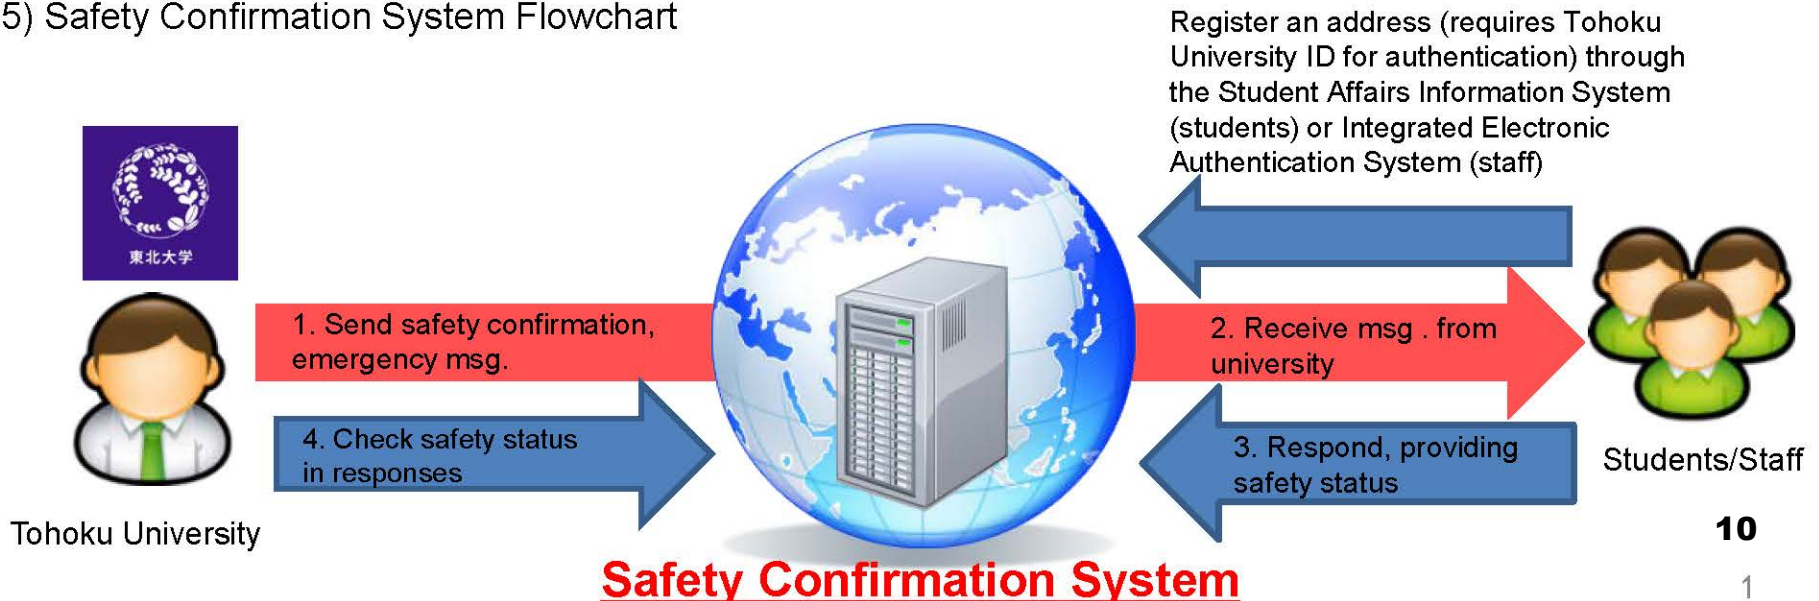

(2) Date implemented: October 2014~

(3) Eligibility: All students/staff

## (4) Description of system

1. Safety confirmation and emergency messages are sent from the university in the event of a disaster.
2. Messages are sent to the e-mail address you registered.
3. Follow the instructions in the message and contact the university.

## (5) Safety Confirmation System Flowchart

# Tohoku University Safety Confirmation System

## (1) Registering e-mail addresses

This system contacts all users by email, so you need only register your e-mail address to receive messages from the university. You can register via the Student Affairs Information System (students) or Integrated Electronic Authentication System (staff).

\*Your address for the Digital Campus Mail (DC Mail, implemented October 2014) will already be registered in the Safety Confirmation System

## Students: How to register via the Student Affairs Information System

Safety confirmation messages will be sent to the addresses you enter in "E-mail address 1" and "Forwarding address."

The image shows a sequence of screenshots from the Tohoku University Student Affairs Information System. The first screenshot shows the 'Student Services' tab selected in the top navigation bar. A red box highlights 'Student Services' and a red arrow points to the 'New Application' link in the right-hand menu. The second screenshot shows the 'New Application' page with a red box around the 'E-mail address 1' input field. A red arrow points from this field to the 'Change Student Information (学生情報変更届)' link in the 'New Application' table on the third screenshot. The third screenshot shows the 'Change Student Information' page with a red box around the link. A separate box on the right contains a flowchart: 'Student Services(学生支援) tab' -> 'New Application (新規申請) menu' -> 'Change Student Information (学生情報変更届)'. A red arrow also points from the 'E-mail address 1' field to the 'Change Student Information' link in the flowchart.

連絡メッセージ  
これは訓練です。  
東北地方で震度6強以上の地震が発生しました。  
各自安否の状況を登録してください。  
This is only a test.  
A major earthquake has occurred in the Tohoku region.  
Please register your safety status.

Click URL in the message's text.

↓  
Select responses for each item.

↓  
Click the Respond (回答) button.

**Safety confirmation  
response is complete**

Basic operations also same for  
mobile/smart phones.  
You can respond through the official app  
too.

## (3) Other

1. The sender's address will appear as tohoku-univ@anpi.tohoku.ac.jp  
Adjust your mail settings so you can receive messages from this domain.
2. If you receive no messages:
  - Is your in-box full? → Free some space in your in-box.
  - Is the message still on the mail server? → Run "Check for new messages" etc. on your mail client.
  - Do you have a mail filter? → Add the domain to your filter's whitelist.

## (4) How to register via the official app

緊急連絡/安否確認システム  
エマージェンシーコール

サーバアクセス用のURL, ユーザID, パスワードを入力してください。

URL(1) https://	ホスト名/企業コード
URL(2) https://	ホスト名/企業コード
ユーザID	ユーザID
パスワード	パスワード

ユーザIDとパスワードを保存

次回以降、ユーザIDとパスワードの入力を省略する場合はオンにしてください。  
(この設定はログイン後に反映されます)

登録 / ログイン

Download and install the free Emergency Call (エマージェンシーコール) app from the Apple App or Google Play Store. When configuring the connection settings, enter your Tohoku University ID and password to receive notifications from the app. **(If you change your Integrated Electronic Authentication System password, please change the password in the app as well.)**

1. On the initial configuration screen, enter the below links, shown in blue, for URL (1) and URL (2).

URL (1): <https://asp34.emc-call3rd.jp/tohoku-univ>

URL (2): <https://asp34.emc-call4th.jp/tohoku-univ>

2. Enter your Tohoku University ID and password, then tap the "Register" button.

**\* We recommend turning on "Save user ID and password."**

(3) The notification history screen will be displayed. This concludes initial setup.

(If you have no notification history, the screen will be blank.)

## How to respond through the

\*The format of notifications may differ depending on your device and settings.

Tap the received notification, or tap the app icon to start it, and enter your responses.

## The drill for the Safety Confirmation System

The drill for Tohoku University Safety Confirmation System will be held twice a year (in early summer and in autumn). As you will receive an email from the system at noon, please answer whether you are safe or not, as a reply to the email.

全学一斉安否情報登録訓練が、年に二回（春／秋）行われます。正午にメールが届くので、必ず回答してください。

## Network services and technical support available.

- You can have access to the wireless LAN services (called **EDUROAM**) in any building on the Aobayama campus.

- If you have any trouble about the network system in this building, you can refer to

**technical support website:**

**<https://www.is.tohoku.ac.jp/websupport/>**

**or technical support mail service:**

**[support@is.tohoku.ac.jp](mailto:support@is.tohoku.ac.jp)**

**(only in Japanese)**

# Committee for the Ethics of Human Subject Research 人間対象研究倫理審査委員会

- GSIS has established **Committee for the Ethics of Human Subject Research**.
- If you do a human subject research in the field of **psychology, physiology, medical science, pharmacy, human genome science, etc.**, you need to submit a designated application to the committee, **at least about one month before the start of your research**.
- Relevant national laws, the Tohoku University guideline, the GSIS formats for application, and samples are available on the following website:  
<http://www.is.tohoku.ac.jp/jp/activity/ethics/>
